Egg Donors

How do I become an Egg Donor?

Potential Egg Donors must meet the following qualifications to be considered for our program:

- Must live in the United States
- Must be willing and able to travel to California for 5-7 days (travel expenses are provided)
- Must be between the ages of 18-28
- No history of genetic disorders or medical conditions
- Must have a flexible schedule
- Must be willing to undergo a psychological evaluation
- Must agree to a background check
- Must be height/weight compatible
- Must have a stable residence and not be planning to move out of the state in which the Egg Donor resides (once approved for our program)

Egg donation is the process by which a woman provides one or several (usually 10-15) eggs. [Learn More \[Click Here\]](#)

A MESSAGE FROM THE FOUNDER AND CEO, DIANA VAN DE VOORT-PEREZ

Being an egg donor is a generous and meaningful gift that will change peoples lives forever. All of us at SAI understand and appreciate the commitment you are making and we strive to ensure your experience is as wonderful and rewarding as possible. Our staff is very attentive and all of our egg donors are shown support and appreciation for their sacrifice throughout the entire donation process.

As a five-time egg donor, myself, I have felt the tremendous satisfaction that comes from being able to give another person such hope. Being a parent is like no other love in the world and by being an egg donor, you are turning this dream into reality for a very grateful couple. Thank you for your kind heart and for considering such a selfless gift.

FOUNDER/CEO

Egg Donation helps make the possibility of being a parent or grandparent one day-possible!
